NEW ADDITION AND A NEW CITY PHYSICIAN

Council Takes in Kenilworth Place and
Employs Dr. William H. Sargent.

Departing from the original intention,
which had been to merely meet as a
committee of the whole, the city coun-
cil held a special meeting Monday
evening, took Kenilworth place into the
corporation and appointed Dr. William
H. Sargent city physician to succeed
Dr. Herbert K. Beauchamp.

Dr. Beauchamp resigned from the po-
sition he filled so long and so well to
accept the post of superintendent of the
territorial asylum for the insane. He
was given a vote of thanks by the
council, which accepted his resignation
with great regret. Dr. Beauchamp's
record as city physician has been a
most excellent one.

After Dr. Beauchamp's resignation
had been accepted Dr. Sargent was
proposed as his successor and the ap-
pointment was made.

Negotiations between the city au-
thorities and the Hartrant-Tweed
company for the annexation of Kenil-
worth place have been under way for
some time. All details having been at-
tended to, the necessary ordinance was
ordered drawn up.

A house of ill fame on South Seventh
avenue, just outside the city limits, was
brought to the attention of the council
by Dr. W. M. Burke. As this house is
outside the jurisdiction of the council,
no action could be taken, but City At-
torney Prescott was instructed to take
the matter up with the county super-
visors and see if something could not
be done to have the nuisance removed.

For several years the council has
been hearing complaints about the hide
house of the Kaufman-Davidson com-
pany, located on Jackson street. At
Monday night's meeting the council re-
solved that the house would have to
be put in a sanitary condition or re-
moved outside the city. Recently the
councilmen paid the hide house a visit
of inspection.

The city recorder stated that he had

Dandruff Means Baldness

Wise people say there is nothing sure
in this world but death and taxes.
But that dandruff means baldness
later on is just as sure as either death
or taxes, and every physician knows it.

Dandruff is caused by a germ—a
vicious, persistent, tenacious germ—
that up to the discovery of one of the
world's greatest scientists, was sup-
posed to be unkillable. That discovery
is called Parisian Sage, and A. L.
Boehmer, the druggist, who is the agent
in Phoenix, guarantees it to kill every
dandruff germ and remove all traces
of dandruff in two weeks or money
back.

But Parisian Sage is more than a
dandruff killer; it is guaranteed to stop
falling hair, itching of the scalp, and
all diseases of the hair and scalp.
It contains just enough of sage prop-
erty combined with other ingredients to
make any woman's or man's hair grow
luxuriantly. It makes everybody's harsh
lusterless hair change to soft, lustrous,
and "beautiful" hair. A. L. Boehmer
sells it at 50 cents a bottle, or you can
get it direct from the American mak-
ers, The Gilroy Mfg. Co., Buffalo, N. Y.,
at the same price by express, all
charges prepaid. The girl with the
Auburn hair is on every motto.

received a number of replies from
various cities regarding methods of
protecting water mains from electro-
lysis. All these replies were ordered
turned over to the superintendent of
the water department, who will confer
with Manager S. H. Mitchell of the
street railway company regarding the
proper bonding of the system. The
company is already making arrange-
ments to bond its lines, not only to
prevent the electrolysis of water mains
but to save the electricity that now
escapes into the ground.

INDIANS VS. P. H. S. AT THE PARK SATURDAY

First of a Series of Three Games Be-
tween Two Strong School Nines.

Three baseball games between the
Phoenix high school and Indian school
teams have been arranged. The first
will be played next Saturday afternoon
at Eastlake park. The night before
there will be a shirt tail parade and
war dance down town to let the public
know that there are a few ball players
and school kids around in this neck
of the woods.

The two teams are evenly matched.
If past performances go for anything,
both have been defeated by the Tempe
normal but neither left the normal
much to boast about. The Indians were
defeated 2 to 0 and the high school
4 to 0, so the dopest have it all fig-
ured out that there isn't much advan-
tage one way or the other. To be sure,
the Indians have won two or three
practice games but that was before the
high school nine was formed. The
whole high school baseball squad was
tried out on the redskins and the ones
that made good have been retained
in the line-up. Saturday afternoon
the Indians will go up against a team
of boys who have played together in
their various positions for some weeks.
That will make a big difference.

Two or three stars of last year's team
are again playing baseball. One of the
bright, particular stars who is depend-
ed on to do things to the Indians is
Charles Orme, who will either play
first or pitch. Jack Moore, the short-
stop, is believed to be the best man
in that position the P. H. S. ever had.
Altogether, this year's nine is not at
all a weak one and will be able to put
up a rattling good game against the
Indians next Saturday.

That shirt tail parade and war dance
are likely to be something unique in
advertising stunts. They will not be
advertising stunts altogether, though,
for the boys to let off steam now
and then and Friday night is a time
they can accomplish that end, as well
as let the world know about the game
the following day. The Indian school
band will lead and a big bunch of boys
from both schools will take part.

FRIEND OF PHOENIX DIED IN PEORIA, ILL.

Passing of One Who Knew the Valley
Only Through His Investments.

R. H. Green, secretary of the Phoenix
Building & Loan association, has re-
ceived a letter from Peoria, Ill., an-
nouncing the death of L. L. Thurber,
vice president of the Farmers' Savings
& Loan association of that city and for
twenty-one years one of the largest
stockholders of the Phoenix Building &
Loan association. Though Mr. Thur-
ber never saw Phoenix, he was an
earnest booster for the Salt river valley
and had a great appreciation of its fu-
ture.

At the time of his death he was
carrying 120 shares of stock of the
Phoenix Building & Loan association
and was always one of its most sat-
isfied investors. He was also a large
holder of stock in the Phoenix Home-
builders' association and had a very
high opinion of all his Salt river valley
interests. He always considered his
stock in the Phoenix Building & Loan
association as more profitable than
that in the Peoria company, even if he
was vice president of it.

Mr. Thurber was first induced to
place his money here many years ago
by Mr. Greene, whom he had known in
Peoria, and on whose judgment he
placed great reliance, and as the years
went by and he learned more of con-
ditions here he increased his holdings. In
his death the valley loses a strong
friend even if he was never here and
was personally acquainted with but few
Phoenix people.

Foley's Kidney Remedy—an Appreciation.

appreciation of the great good I de-
rived from Foley's Kidney Remedy,

beyond doubt it is the most reliable

TOMMY AND THE WORM.

There were only two pieces of cake
and three hungry boys upstairs throw-
ing their clothes on in the race to get
down first. Tommy won out, and
rushed into the dining room breath-
lessly.

"That's a good boy, Tommy. The
early bird gets the worm. Take a piece
of cake," said the mother.

Tommy looked at the cake quizzical-
ly, inspecting it from all sides.
"What's the matter, Tommy?" asked
his mother. "What are you trying to
do?"

"Say, ma, which piece has the worm
in it?" he inquired soberly.—National

A FEW DOSES PUT YOUR KIDNEYS IN GOOD ORDER

Most Severe Backache, Bladder and
Urinary Mistry Vanishes.

In all the world there is no man or
woman who can afford to neglect the
slightest kidney disorders for one sin-
gle day.

Kidney diseases are the most dan-
gerous, because the first signs are seen
in other parts of the body before any-
thing wrong is noticed with the kidneys
themselves.

Some of the symptoms, though, can-
not be mistaken; for instance, a con-
stant aching or misery in the back,
sides or loins, or headaches and dizzy
spells, nervous twitchings, disturbed
sleep, inflamed or puffy eyelids, heart
palpitations, rheumatic pains, weak-
ness, bilious stomach or a feeling of
languor and fatigue. Sick, unhealthy
kidneys also cause thick, cloudy, of-
fensive urine or it is full of sediment,
irregular of passage and often uncon-
rollable or attended by a sensation of
scalding.

The time to cure kidney trouble is
before it settles into Diabetes, Dropsy,
Gravel, or Bright's Disease. The mo-
ment you suspect the slightest kidney,
bladder or urinary disorder, begin tak-
ing Pope's Diuretic as directed, with
the knowledge that there is no other
medicine, at any price, made anywhere
in the world, which will effect so
prompt a cure. In just a few days you
feel and know that the kidneys, blad-
der and urinary organs are healthy,
clean and normal and all danger passed.

Your physician, pharmacist, banker
or any mercantile agency will vouch
for the responsibility of Pope, Thomp-
son & Pope of Cincinnati, Ohio, who
prepare Pope's Diuretic—50 cent treat-
ment—sold by every druggist in the
world.

A LECTURE SPOILED.

The senior major was giving the
benefit of his advice and experience to
a youthful "sub."
"See here," he exclaimed. "This is
your first dinner, and—well, go easy
with the decanter, my boy. Remem-
ber esprit de corps and—er—and all
that sort of thing. Here's a good tip.
See those silver candlesticks there?
When you can see four instead of two
why, clear out—go home. See?"
"Perfectly, and thanks awfully," re-
plied the young officer. "But don't you
think you had better go home at once?"
There's only on candlestick."—Tit-Bits.
